ANGEL INTERFAITH NETWORK

...is individuals, faith groups and community organizations committed to meeting urgent needs of LAC+USC Medical Center patients and families.

The Network is staffed by volunteers who provide services on an individual basis, often linking the need with a local agency or church that has already indicated its readiness to respond.

This donation helps provide holiday dinners, gifts for children, emergency food and shelter, diapers, infant clothing, funeral expenses, transportation to medical appointments, and a friendly, caring and encouraging presence in difficult times.

*Happy
 Kwanzaa*
